AD VALOREM COLLECTION

(PROPERTY TAX)

Ad Valorem means according to worth, indicating the tax is determined based upon the value of the property. There are two types of ad valorem property taxes in Florida, *Real (Estate) Property* and *Tangible Personal Property*. Tax statements are mailed on or about November 1st of each year with the following discounts in effect for early payment:

4% if paid in November	2% if paid in January
3% if paid in December	1% if paid in February

Gross amount due by March 31st

An installment plan is available (see page 18 for further information). Taxes become delinquent (see page 19) April 1st of each year. Payments made on or after April 1st must be in the form of cash or certified funds.

TYPES OF AD VALOREM (PROPERTY TAX) COLLECTION

1) Real (Estate) Property Taxes

Ad Valorem Taxes are based on the value of real property and are collected in arrears on an annual basis beginning on or about November 1st for the tax year January through December. The Office of the Property Appraiser establishes the value of the property and the Board of County Commissioners, School Board, City Commissioners and other levying bodies set the millage rates. If the gross tax (before discount) is less than \$15.00, this is considered a “min tax” or minimum tax account, and a tax statement is not mailed to the property owner because no taxes are due.

Using these values and allowing for exemptions, the tax roll is completed by the Property Appraiser. It is then certified to the Tax Collector who mails the tax notice/receipt to the owner's last address of record as it appears on the tax roll. (Note: The owner of record is the owner as of January 1st of the tax year.)

However, it is the responsibility of each taxpayer to see that the taxes are paid and that a tax bill is received. In cases where the property owner pays through an escrow account, the mortgage company should request and be sent the tax bill, and the owner will receive a copy of the bill for their information.

2) Tangible Personal Property Taxes

This is a tax levied against the furniture and equipment of a business and attachments of a mobile home. After the assessed value is determined by the Property Appraiser and the millage rates are set by the taxing authorities, the Tangible Personal Property Tax Roll is then certified and delivered to the Tax Collector for collection. Businesses and mobile home owners with attachments who fail to pay their taxes will have warrants issued against them by the Tax Collector. The Tax Collector will also apply to the Circuit Court for an order directing levy and seizure of the owner's tangible personal property for the amount of unpaid taxes and costs.

Sample of Tangible Personal Property Tax Bill

Pay Manatee County Property Taxes Online

Current and prior year property taxes can be paid online at www.taxcollector.com by having your checking account electronically debited (E-check) without any additional fees being charged by our office. Payments made by credit or debit card will result in an additional convenience fee being charged by the Tax Collector's Office. Not all tax accounts (parcels) are eligible for online payment. Online Payment FAQ's, Convenience Fee Explanation and a Disclaimer on our website provide additional information and stipulations for online payment.

ALTERNATIVE PAYMENT PLAN (INSTALLMENTS)

The law allows taxpayers to pay their taxes on an installment plan, if they so choose and if their estimated tax due is more than \$100.00. In order to participate in this plan, *an application must be submitted online or returned to the Tax Collector's Office prior to May 1st*, and the first payment must be received or postmarked no later than June 30th of that tax year. If the taxpayer fails to make the first installment, he or she **will not** be allowed to participate in the installment plan for that year and subsequent participation will require reapplication. (A person owing taxes cannot choose to participate in the installment plan after they receive their tax bill in November; they must begin installment payments in June of the tax year.)

Once the first payment has been made, the taxpayer is required to continue on the installment plan for the remainder of that year. In the event a payment is not received at the time it is due, the taxpayer is required to remit with the next installment the total of the current installment amount plus any installment amount that is due but unpaid. No discount is allowed on a missed installment payment. Any amount remaining unpaid on April 1st is subject to all the provisions of law pertaining to delinquent taxes.

The payment schedule is as follows:

1st Payment - June	One quarter of previous year's tax discounted 6%. Payment must be paid NO LATER than June 30th.
2nd Payment - September	Same as first payment, discounted 4 1/2%. Payment is due NO LATER than September 30 th .
3rd Payment - December	One quarter of the current year's adjusted tax amount, discounted 3%. Payment is due NO LATER than December 31 st .
4th Payment - March	Same as 3rd payment but no discount. Payment is due NO LATER than March 31 st .

WHEN PROPERTY TAXES BECOME DELINQUENT

Real (Estate) Property taxes become delinquent on April 1st of each year at which time 3% interest and advertising is added to the delinquent tax bill. After the taxes have become delinquent, they are advertised in a local newspaper once a week for three consecutive weeks. On or before June 1st, the Tax Collector must conduct a tax certificate sale on each unpaid parcel of property. The sale itself is operated on a competitive bid basis with interest bids beginning at 18% and progressing downward, as in a Dutch Auction. When a certificate is sold against a piece of property, the successful bidder pays the delinquent taxes on that property and then receives a certificate as a receipt, which constitutes a first lien against the property.

To redeem the certificate, the owner of the property must pay to the Tax Collector all delinquent taxes plus accrued interest, penalties, and advertising with cash or certified funds. The Tax Collector will then reimburse the certificate holder all monies due.

If the purchaser of the certificate holds that certificate for a period of two years and the property owner does not redeem it, then the certificate holder may file a tax deed application with the Tax Collector. The property owner is then notified of this action and, if the owner still does not pay the taxes, the property will be auctioned off by the Clerk of the Circuit Court to the highest bidder, in a public sale at the courthouse.

Tangible Personal Property taxes become delinquent on April 1 of each year at which time 1.5% interest per month and advertising cost is added to the delinquent tax bill. After the taxes become delinquent, they are advertised in a local newspaper. Businesses and mobile home owners with attachments who fail to pay their taxes will have warrants issued against them by the Tax Collector. The Tax Collector will also apply to the Circuit Court for an order directing levy and seizure of the owner's tangible personal property for the amount of unpaid taxes and costs.
